# DOORWAYS . . .

## ACADEMIC ACHIEVEMENT

"The door must either be shut, or it must be open."
Oliver Goldsmith's
THE CITIZEN OF THE WORLD

The door to academic achievement is opened, and before one stands twenty-seven major areas from which to choose. Is English one's choice? Or perhaps it's biology . . .

One may choose government, health and physical education, or mathematics; there are others too numerous to mention. The field is wide, selection great--they are all there for everyone.

Then, after the selection is made, one may find he needs guidance. Campbellsville provides that, also. This year several new faculty members were added to our staff. Our teachers . . . our doorkeepers . . .

# DOORWAYS . . .

# RECREATION

It has been said that man must have leisure; 'tis also true of college students. At Campbellsville one may join in any of a number of intramural sports, such as soccer, baseball, football, and basketball.

Too, the recreation room is open at specified hours for those who wish to relax at the pool table or a game of cards.

The door to recreation opens easily for all who desire to become mentally and physically fit.

# DOORWAYS . . . TANGIBLE EXPRESSION

Campbellsville has made vast achievements in expansion. The Old Stapp Hall (girls' dormitory) was torn down, and a beautiful new Stapp was erected early last spring. In 1966, a new men's residence hall was built.

Plans are now under way for the construction of a new student center and gymnasium; tentative completion date for the gym is fall of 1968.

Campbellsville shows promise of making even greater marks in tangible expression. This door is a sturdy one--it WILL open.

Dr. J. K. Powell, president of Campbellsville College, recently signed preliminary papers in Tulsa, Oklahoma, for Tandy Industries to construct buildings at the college. He was accompanied by a committee of ten representing the Board of Trustees.

A typical "learn-by-doing" experience takes place in the biology laboratory.

# DOORWAYS . . . LEADERSHIP POSSIBILITIES

"Yet to the inevitable, all doors must open."
--Confucius

Campbellsville College's total enrollment is approximately one thousand fifty students, most of whom are preparing for a profession in teaching or ministry. These two worthy professions are undoubtedly the backbone of our country--the true leaders of our world stand among these students.

Pre-professional programs offered here include pre-engineering, pre-law, pre-medicine and dentistry, plus secretarial-business certificates.

The door to leadership is ever open . . .

# DOORWAYS...

## CREATIVITY

"Make not the door wider than the house."
--John Clarke
PAROEMILOGIA

Campbellsville thrives in the field of creativity. One may develop his talent of music, art, drama, etc. under our fine instructors. The Pennyrile Singers, Harlequins, and other avenues of expression all demonstrate Campbellsville's artistic opportunities.

Ability, will, cleverness--the openers of "Doorways . . . Creativity."

# DOORWAYS . . .

## RELIGIOUS FULFILLMENT

This portal is the epitome of that for which Campbellsville stands. Here one may enjoy Christian fellowship and find any number of religious activities to strengthen and fulfill one's personal religious needs.

Morning Watch, Vespers, Baptist and Methodist Student Unions welcome all students. They aid Campbellsville in swinging wide the doorways to religious fulfillment.

# DOOR WITH MANY KEYS . . .

BLACK

THE
GIRONDEES

# . . . AND EVER

# UNLOCKING

The forms which campus life at Campbellsville takes are as varied as are the students. Leisure or routine, time is ever occupied.

Students rush to the SUB each morning to receive an awaited letter (or maybe even a check from some generous someone!); some engage in small talk; others retreat to that "special someone." Again, one may possibly find some ambitious soul practicing something in the musical line or molding a piece of pottery. Others may be catching up on class notes or writing a letter to a friend or relative.

At any rate, life is never really dull. To one who seeks, the door to social life truly does have MANY keys . . .

# FACULTY ADMINISTRATION STAFF

Through the combined efforts of administration, faculty, and staff, the great educational machinery of Campbellsville College is maintained. They are competent, and cooperatively form a group heretofore unrivaled at this institution.

With thirty-three per cent of the faculty holding earned doctorate degrees and approximately sixty per cent having three years of training above the A.B. or B.S. level, "they are the best we have ever had."

Indeed, many of the members attend school each summer to further their education. Several contribute to scholarly magazines, and some have two to three books to their credit.

Truly, with quality leadership and ability such as these people have to offer, many doors may be opened to the Campbellsville College student.

ALL YE MEN OF H-A-F

# SENIORS. . .

Campbellsville College has opened many doorways to all, many opportunities. There have been trying times, even to the point of depression, but as months and years pass, only the good times will be remembered. Each person will, undoubtedly, one day think back rather nostalgically to all the old college friends, the ball games, the sneaky things with which nearly everyone got away. One may sigh, "Ah, those were the good old days."

Thus, as for the present, Campbellsville has done all it can do. It has offered time, talent, and energy to give ample knowledge to each. Perhaps opportunities have been missed; perhaps time was spent foolishly; perhaps remorse will be felt because college careers--and in a sense, freedom--have now ended. But these are irretrievable things; they are past, and must go down as merely one more chapter in the annals of humanity.

But on the other hand, the picture is not dim at all. There are new doorways ever opening, new careers beginning. Many people will find that life is really just beginning to blossom. New Heights, surpassing any before known, can be reached.

The golden key to Future's doorway awaits the inevitable turning . . .

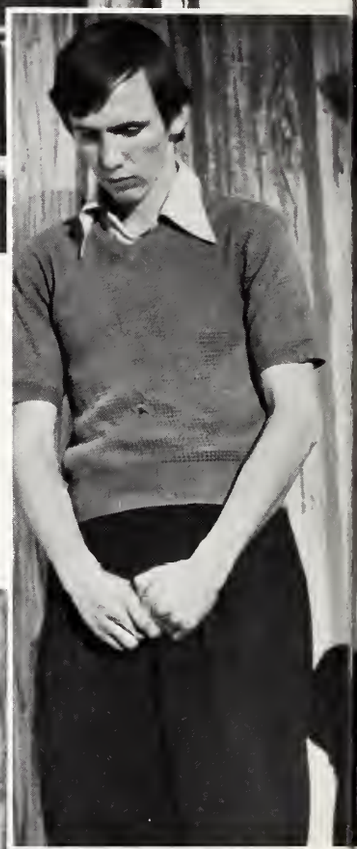
This honor is bestowed upon the young lady who shows qualities of leadership, scholarship, ethical character, and a genuine interest in the life of the college. Miss Payne is presently President of the Women's Recreational Association, Vice Pres. of the College Band, Treas. of the Senior Class, Vice Pres. of the College Pep Club, Feature Editor of the Maple Trail, and member of the Student Council.

# DIARY OF

Scene from the Harlequins' play on opening night.



The Maple Trail would like to salute the directors and cast of this play for a splendid performance and what appeared to be the best play that the Campbellsville College Harlequins have presented.

Our coach's warm personality and sincere interest in the student body are just a few reasons why he was chosen Most Popular Professor.

# MOST POPULAR PROFESSOR

Mr. Lou Cunningham, basketball coach at Campbellsville College, has been chosen by the students as the college's Most Popular Professor of the year 1967-68. A native of Camargo, Montgomery County, Kentucky, Mr. Cunningham earned his B.S. degree from Belmont College in Nashville, Tenn., where he majored in Health and Physical Education and minored in Biology. His M.A. degree was awarded him at Peabody College where his area of concentration was a major in Physical Education and a minor in Education Administration.

The coach played four years of varsity basketball and three years of baseball while in college.

In 1966, Lou Cunningham was named among the "Top Ten" high school basketball coaches in Kentucky. He was assistant coach and science teacher at Jackson High School in Jackson, Ohio. For four years he held the position of head coach and Health and Physical teacher at Augusta High School, Augusta, Kentucky. Then for two years he was head coach and Physical Education teacher at Lyon County High School. College coaching, however, had long been a desire of Mr. Cunningham's, and when the opportunity afforded itself, he graciously accepted it and came to Campbellsville College last year.

Mr. Cunningham is a member of the Campbellsville Baptist Church and is presently teaching an Intermediate boys' Sunday School Class. Mrs. Lou Cunningham, the former Barbara Tucker, is from Paducah, Kentucky, and is also a graduate of Belmont College. The Cunningham's have two children, David, who is two and one-half years of age, and Phil, who is fourteen months of age.

Mr. Cunningham has always been interested in horses. He has trained and exhibited saddle-bred and standard-bred horses in the past and presently owns a trotting mare. He has raced successfully at fairs in Kentucky and Illinois.

The coach stated, when asked how he liked Campbellsville College, "I enjoy teaching and coaching at Campbellsville College and I have been impressed by the friendly atmosphere on our campus. I feel that our athletic program is on the move, and I am glad to be a part of it."

Of course, I always relax when I coach a game!

# MR. AND MISS CAMPBELLSVILLE

Each year the Campbellsville College faculty elects two outstanding members from among the senior class. Mr. and Miss Campbellsville are chosen on the basis of character, scholarship, leadership, and service to their school.

# JUNIORS

Worthwhile experiences have come and gone; "blood, sweat, and tears" have passed --the span of years to be spent here at Campbellsville is quite rapidly nearing completion. A fantastic amount of opportunity has and will come to all. Simply open wider the door to worlds beyond . . .

# SOPHOMORES-FRESHMEN

The first steps toward higher learning have been made. Some say these are the most painstaking years and the rest is downhill. Yet others say the rest is even more time-consuming and "back-breaking." Whatever the case may actually be, OUR freshmen and sophomores have crossed the threshold toward broader horizons.

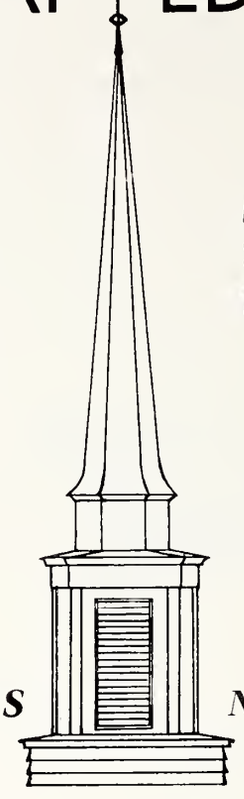
## Let A Steeple Guide People To Your Church

Campbellsville Industries, a division of Campbellsville College, started out nine years ago to provide jobs for students needing financial help to go to college. The venture was so successful that it is now a full-fledged industry with a staff of skilled men, draftsmen and engineers under whom our students have the privilege of working.

As with our bulletin boards, we believe in giving quality at a reasonable price because we believe the church with the small budget needs serving as well as the large, and our constant backlog of orders proves us right.

Our welded structural aluminum steeples, covered with prefinished aluminum of any color, means we can give you the detail in design that would suit your church the best.



**ALL WELDED STRUCTURAL ALUMINUM TOWERS COVERED WITH PREFINISHED ALUMINUM**

**THIS MEANS:**

***Less Cost***

***Less Weight***

***No Maintenance***
